What hazard have you identified? What are the risks from it?	Who is at risk?	How are the risks already controlled? What extra controls are needed?	What has changed that needs to be thought about and controlled?
A hazard is something that may cause harm or damage. The risk is the harm that may occur from the hazard.	For example: young people, adult volunteers, visitors	Controls are ways of making the activity safer by removing or reducing the risk. For example, you may use a different piece of equipment or you might change the way you do the activity.	Keep checking throughout the activity in case you need to change what you're doing or even stop the activity. This is a great place to add comments which will be used as part of the review.
Behaviour - Risk of over excitement	All Present	<ul style="list-style-type: none"> Everyone to follow section code of conduct that sets clear expectations and behaviour standards 	
Emergency aid	All Present	<ul style="list-style-type: none"> A qualified first aider will be present throughout the activity A first aid kit will be present on site during the activity 	
Risk of abuse/violence towards Scouts/Leaders	All Present	<p>I have discussed this with the Experience Coordinator at the Care Home and received the below:</p> <p>Morning Chris,</p> <p>I can assure no customers who attend our activities are violent or will show any violent behaviours it's just to cover us and if by any chance this was to happen we would pick up on our customers behaviours on how they are presents but those who will be attending on Monday are apartments tenants who are independent living with the odd customer from the house holds who are early In their journey. We make sure customers who attend each activity we put on will benefit from the activity.</p>
